The Art Institutes provide accommodations to qualified students with disabilities. The Office of Disability Support Services assists all qualified students with disabilities in acquiring reasonable and appropriate accommodations and in supporting equal access to services, programs and activities at The Art Institutes.

Students who seek reasonable accommodations should notify the Office of Disability Support Services via email at [aidisabilityservices@aii.edu](mailto:aidisabilityservices@aii.edu) of their specific limitations and, if known, their specific requested accommodations. Students will be asked to supply medical

documentation of the need for accommodation(s). Classroom accommodations are not retroactive, but are effective only upon the student sharing approved accommodations with the instructor. Therefore, students are encouraged to request accommodations as early as feasible with The Office of Disability Support Services to allow for time to gather necessary documentation.

## **Change to Student Life Content**

***The section titled *Career & Professional Readiness* located on page 178 of the current catalog is completely replaced as follows:***

### **Student Mentorship & Career Readiness**

The Department of Student Mentorship & Career Readiness partners with students as they select courses and progress through the student life-cycle as well as explore skill building possibilities in and out of school. Additionally, the Student Mentors will support the student while they develop professional skills and connect with potential opportunities related to their professional endeavors.

Students can seek guidance in registering for classes, tips on being a successful student, support services, goal setting, local professional engagement opportunities, building a resume, planning a career, developing job-search strategies and more.

The Department of Student Mentorship & Career Readiness will also work to plan, facilitate and deliver study skills & career readiness workshops, individual or group career planning sessions, and schedule industry guest speakers/field trips in both virtual and in-person platforms. The department also facilitates virtual and on-campus interviewing and information sessions for students and graduates to engage with employers interested in recruiting entry level talent.

While every effort is made to assist students in planning academic schedules, it is the student's responsibility to know program requirements, course sequence, and prerequisites. Students who fail or withdraw from a prerequisite to a course for which they have pre-registered are responsible for changing their schedule prior to the end of the drop/add period of the new quarter. However, the University may adjust students' schedules as needed for compliance with prerequisites.

Graduate employment information is available on the College website under student consumer information.
