Fashion Retailing	D	48	4	44	\$575		\$27,600

\*This program is no longer accepting new enrollments.

The table above is calculated at full load, which is an average of 15 credit hours per quarter. The calculation would be based on 12 credit hours per quarter if a student were to take the minimum allowable credits required to still be considered a full time student.

† Approximate total cost is based on the current tuition credit hour rate. Total cost will increase with each per credit hour tuition increase. In-state and out of state tuition are the same.

Registering over 18 credit hours per quarter requires the permission of the Department Chairs or Dean of Academic Affairs at the student's home campus. Tuition includes required textbooks for all courses within the student's program of study. Tuition also includes basic entry equipment and materials needed for beginning each program of study. Students are responsible for procuring and/or replenishing any other equipment or materials as required.

CULINARY LAB FEES: Lab fees above represent the total for timely, successful completion of the program and are charged per credit hour. Retaking courses will increase the lab fee charge.

Please visit our [Student Consumer Information](#) page to find the average time to completion for continuously enrolled students for each credential level offered. This data is available at the average credit load, fulltime or at full load. Changing programs, beginning programs at the midterm start date, taking remedial courses, taking time off from coursework, registering for fewer hours or unsuccessful attempts at course completion will increase the total length of the program and overall cost of education from what is disclosed. Transfer credits awarded toward your program will likely decrease the overall length and cost of education.
