The table above is calculated at full load, which is an average of 15 credit hours per quarter. The calculation would be based on 12 credit hours per quarter if a student were to take the minimum allowable credits required to still be considered a full time student.

† Approximate total cost is based on the current tuition credit hour rate. Total cost will increase with each per credit hour tuition increase. In-state and out-of-state tuition are the same. Registering over 18 credit-hours per quarter requires the permission of the Program Director, Program Coordinator or Dean of Academic Affairs at the student's home campus.

Tuition includes required textbooks for all courses within the student's program of study. Tuition also includes basic entry equipment and materials needed for beginning each program of study. Students are responsible for procuring and/or replenishing any other equipment or materials as required.

CULINARY LAB FEES: Lab fees above represent the total for timely, successful completion of the program and are charged per credit hour. Retaking courses will increase the lab fee charge.

CULINARY LAB FEES: Lab fees above represent the total for timely, successful completion of the program and are charged per credit hour. Retaking courses will increase the lab fee charge.

Every credit counts. Earn a grant towards your tuition.

The Art Institutes system of schools is committed to helping you achieve your education and career goals and helping to put you on the path to a life of creativity. That's why we're offering The Art Grant, which can earn you a grant toward your tuition—at an average of up to 18% of the total tuition amount for bachelor's degree programs and up to 13% for associate's degree programs. The Art Grant rewards you for your progress in school by helping you reduce your college debt and manage the cost of your education.

How to qualify: For every 12 credits earned, as you maintain continuous enrollment and satisfy other eligibility criteria, you earn the grant that will be applied to your tuition. That means a student's first 12-90 credits

earned at a participating Art Institutes school can earn the grant—up to 13% of tuition cost. Students who earn 91-180 credits can earn the grant—up to 23% of tuition cost; bachelor's degree candidates can thereby earn an average of up to 18% of their tuition cost. Students attending less than full time can qualify upon achieving 12 credits and meeting the grant requirements.

Your Art Institute Financial Aid Officer will help you determine how all of the resources that you qualify for, including The Art Grant, can impact your education expenses at The Art Institutes and your future.

Tuition cost per credit: \$535
