The College Financing Plan is a consumer tool that summarizes higher education that are adhering to the Principles.

The College Financing Plan is completed with the school’s Student Financial Services Department prior to your enrollment. This will also provide you with an opportunity to discuss other financial aid options, and you may elect to complete a Free Application for Federal Student Aid prior to enrollment. Financial aid is available to those who qualify.

The College Financing Plan is a consumer tool that summarizes the prospective student’s total estimated cost of attendance for an educational program for an academic year, such as tuition and fees, housing and meals, books and supplies, transportation costs, as well as other educational expenses. The College Financing Plan outlines funding the student may be eligible to receive from scholarships and grants or financial aid that does not have to be repaid; provides a calculated net cost of attendance after scholarships and grants, and provides options available to the student to pay any net cost of attendance including, but not limited to, work-study opportunities, payment plans offered by the school, and other outside sources.

Please note that much but not all of your educational cost may be covered by military education benefits, so you may need to discuss other options with a financial aid officer. Unless you apply for Federal aid by completing the Free Application for Federal Student Aid, the College Financing Plan will not be able to display your estimated Federal aid (if any).
The following table is a brief summary of each of the major education benefits offered to service members, veterans, and, in some cases, their families.

<td><strong>TUITION ASSISTANCE</strong></td>
<td>The Art Institutes system of schools has signed the Memorandum of Understanding with the Department of Defense, which allows you to use Military Tuition Assistance (TA). (TA) is available to active duty, National Guard and Reserve Component service members. TA currently pays tuition and course-specific fees up to $166 per quarter hour for eligible students. Your service branch pays your tuition directly to the school. Prior to enrolling into an institution, service members need to first check with an education counselor or Educational Services Officer (ESO), for the specific involving TA by visiting their local installation education office, contacting your education counselor or ESO, or by going online to a virtual education center. Each military branch has its own TA application form and procedures, and each determines the eligibility requirements and the amount of assistance available. The service member must apply for the program and receive approval before starting classes. Prior to your course enrollment, you may be required to develop an education plan or complete TA orientation. To find out how to get started, contact your ESO, visit your local installation education center, go online to a virtual education center or click on the following links for each service branch:</td>

Reimbursement will be required from the Service member if a successful course completion is not obtained. For the purpose of reimbursement, a successful course completion is defined as a grade of “C” or higher for undergraduate courses, a “B” or higher for graduate courses, and a “Pass” for “Pass/Fail” grades. Reimbursement will also be required from the Service member if he or she fails to make up a grade of “D” for incomplete within the time limits stipulated by the educational institution or 6 months after the completion of the class, whichever comes first.</td>

An employment handicap exists if a veteran’s service-connected disability impairs his/her ability to prepare for, obtain, and maintain suitable career employment. |
FINANCIAL AID CHANGES

Every year, many of the Federal aid policies, practices, and awards are up for review and approval by the Federal government. The government also maintains the right to modify all Federal aid policies at any time during the year should there be budgetary or regulation issues that need to be addressed immediately. The school’s Student Financial Services Department will be able to answer any specific questions regarding how these changes may or may not affect you and your financial aid award for the coming school year; we will also review information about the maximum annual and aggregate amounts of Federal aid that may be available to you. For additional information, please also refer to the Federal Student Aid office of the U.S. Department of Education website, http://studentaid.ed.gov/, or the U.S. Department of Education Guide to Federal Student Aid from this same website for a summary.

PRIVATE EDUCATION LOANS

Private loans may be available to students and their parents (if applicable) through private lending institutions. Lenders reserve the right to choose the schools and borrowers they will approve. Requirements vary, and all loans must be repaid. Federal loans should be sought first before applying for private loans. If you receive military education benefits, you may not need to borrow funds. For more information, please refer to The Art Institute’s Student Consumer Information page, https://www.artinstitutes.edu/student-consumer-information, or contact the Student Financial Services Department directly. When visiting this webpage you will need to select the location you plan on attending.

RESOURCES AND TOOLS AVAILABLE TO USE WHEN COMPARING SCHOOLS

The following are resources and tools provided by the Department of Education (ED) and Consumer Financial Protection Bureau (CFPB) to assist you in comparing institutions and making informed decisions about where to attend school. Please speak with your financial aid officer directly for additional guidance regarding usage of these tools.

1. The College Scorecard is a planning tool and resource to assist prospective students and their families as they evaluate options in selecting a school and is located at http://collegescorecard.ed.gov/scorecard/.

2. The College Navigator is a consumer tool that provides school information to include tuition and fees, retention and graduation rates, use of financial aid, and student loan default rates and features a cost calculator and school comparison tool. The College Navigator is located at http://nces.ed.gov/collegenavigator/.

3. The Financial Aid College Financing Plan is a model aid award letter designed to simplify the information that prospective students receive about costs and financial aid so they can easily compare institutions and make informed decisions about where to attend school. The College Financing Plan can be accessed at http://www2.ed.gov/policy/highered/aid/index.html.

4. The “Paying for College” webpage can be used by prospective students to view the names of up to three schools and receive a detailed financial information on each one and to enter actual financial aid award information. The tool can be accessed at http://www.studentfinancialaid.ed.gov/paying-for-college/.

GI BILL® COMPARISON TOOL

VA is making it easier to research colleges approved for the GI Bill®. Answer just a few questions about yourself and the school you are considering. You’ll receive an estimate of your GI Bill® benefits and some information about the school’s value and affordability. The Department of Veterans Affairs has designed the GI Bill® Comparison Tool to help you make informed decisions about how to make the most of your Veterans Education Benefits. You can access this tool at https://www.vets.gov/gi-bill-comparison-tool.

REFUND POLICY FOR MILITARY DEPLOYED STUDENTS

The add/drop (schedule adjustment period) and withdrawal policies for any student, including veterans and those students receiving military benefits, are listed in the school’s catalog. The catalog is available on the Student Consumer Information web page which is on the school’s website, https://www.artinstitutes.edu/student-consumer-information, within the Academic Awareness section. When visiting this webpage you will need to select the location you plan on attending.

The refund policies are provided in the school’s catalog and enrollment agreement. The catalog is available on the Student Consumer Information web page which is on the school’s website, http://artinstitutes.edu/info within the Academic Awareness section. When visiting Student Consumer Information on http://artinstitutes.edu/info, you will need to select the location you plan on attending. Our Admissions office will be able to provide the enrollment agreement.

For students who withdraw due to a qualified military deployment, any remaining balance that is owed for the term or course of withdrawal will be forgiven after consideration of the refund calculation. Upon re-entry into school to the same program, for the first academic year in which the student returns, the student will return with the same tuition and fee charges that the student was or would have been assessed for the academic year during which the student left school. If the student is admitted to a different program and for subsequent academic years for a student admitted to the same program, the school will assess no more than the tuition and fee charges that other students in the program are assessed for that academic year.

STUDENT WITHDRAWALS WHO ARE RECEIVING DEPARTMENT OF DEFENSE TUITION ASSISTANCE

For any student withdrawing from school who is receiving Tuition Assistance (TA) from the Department of Defense, the school will return any unearned TA funds on a proportional basis through the 60 percent portion of the period for which the funds were provided. TA funds will be earned proportionally during an enrollment period, with unearned funds being returned based upon when a student stops attending school.

POTENTIAL DEBTS TO STUDENTS WITH MILITARY EDUCATION BENEFITS

TUITION AND FEES:

As a reminder to all of our students utilizing military education benefits, changes in your enrollment with the school, especially those changes occurring after the school’s schedule adjustment period, may cause an overpayment requiring the student to repay the U.S. Department of Veterans Affairs (VA) or the U.S. Department of Defense (DoD) some or all of the benefits paid. If the student decreases his/her training time (e.g., drop a course(s), leave school, etc.) and the VA has already processed a payment for tuition and fees, an overpayment may occur. Not attending or pursuing courses as scheduled could result in the creation of a debt against the student and/or non-payment or the reduction of monthly housing allowance (MHA) and/or tuition and fees. When the School Certifying Official (SCO) notifies the VA of a change, a debt may be created against the student’s account. The school will issue any refunds in accordance with its internal policy, which may not fully cover the debt with the VA. If the amount refunded by the school does not satisfy the debt, the student is responsible for the remainder.

- If the school refunds money directly to the VA, the VA will clear the school’s debt and credit the student’s account any amount the school refunds, but the student may still have a separate debt to clear with the VA.

- If the school refunds money directly to the student, s/he must clear the debt with the VA.

A decrease in credit hours by the student could also result in charges to his/her housing allowance and books and supplies stipend. If the VA has already issued the student a payment for the term, a debt may be created on his/her account.

The student is responsible for keeping track of his/her tuition and fee account balance and payments. The student should visit the school’s financial office or his/her The Art Institute’s student portal regularly to review his/her account and ensure the charges are correct and that payments and refunds are processed correctly. The student should contact the school’s SCO to ensure the certification information s/he sends to the VA matches the student’s schedule.

For students utilizing active-duty tuition assistance (TA), generally students who do not successfully complete a class will be required to repay the TA. While TA amounts or rules vary by branch and are administered by the Department of Defense, in general these agencies will not honor tuition assistance if the course(s) are not approved by the agency prior to the start of the term. Program requirements by branch may be found on the DoD website, http://www2.ed.gov/policy/highered/guid/aid/index.html.

VA REMEDIAL COURSEWORK:

The total number of actual credits that a student is attempting at the school, based on the student’s schedule in a particular term, will be reported and certified to the VA by the school. Reported credits must be certified separately by the school into residence, distance, and remedial/deficiency courses, if applicable. Only residence, or on-ground, remedial courses can be certified for payment with the VA. Online remedial courses cannot be certified for payment in any circumstance.
VA HOUSING ALLOWANCE:

Per the new GI Bill®, effective August 1, 2011, the amount payable for the Monthly Housing Allowance (MHA) is:

- U.S. In-Residence: The applicable Basic Allowance for Housing (BAH) rate will be multiplied by the rate of pursuit rounded to the nearest multiple of 10 to determine the MHA. Students must have a rate of pursuit greater than 50% to receive the MHA.

- Basic eligibility requirements for MHA benefits (e.g., veterans with a rate of pursuit >50) remain unchanged.

- The amount payable for the MHA for any academic year (beginning on August 1) will be based upon the BAH rates effective on January 1 of that year.

- The MHA is based on the BAH for an E-5 with dependents with the zip code that the school is located in.

- If qualified, veteran student housing benefits are only available to students when they are actively attending school and the student has been deemed to be eligible for it by the VA. Housing benefits are not paid for non-scheduled institutional breaks or periods when not attending a course. Housing benefits may be prorated, or eliminated, based on enrollment status and periods of non-attendance.

- VA students attending on-ground courses must meet the VA requirements to be eligible for the full housing allowance. The VA determines if you are eligible, not the school. In order for the student to be eligible to receive the maximum housing allowance, the student must be actively pursuing each course, attend at least one on-ground course at the school, or attend an alternate institution as a guest student, for the entire length of the term and be enrolled at least full-time for the entire length of the term. The monthly housing allowance is not payable to individuals on active duty, their spouses, or those attending or enrolled at half-time enrollment status or less. The housing allowance is subject to proration based on the number of credits being taken and the number of months served on active duty.

VA HOUSING ALLOWANCE FOR SELF-PACED, MASTERY-BASED PROGRAMS:

Self-paced, mastery-based programs allow students to work at their own pace to complete the course. This model allows students to finish the material as soon as they are able, including finishing prior to the end of the term. Students will receive MHA only for the period of time they are pursuing the course. Upon completion of coursework, the school must report the last day of attendance (date of completion) to the VA.

OTHER REMINDERS:

- Students are responsible for monitoring their VA military educational benefit eligibility as well as ensuring their completion of an on-time graduation. There are a fixed number of months that the student may receive these benefits. Not taking a sufficient number of courses (which may mean you must take more than a minimum full-time load), withdrawing from a course or courses, or failing a course or courses due to ceasing attendance in the course may negatively impact the student’s financial and academic situation. If ceasing attendance from a course or courses will take the student down to half-time status, the student will have to pay back some of the monthly housing allowance received, either back to the day the student stopped attending the course(s), or all the way back to the beginning of the term, depending on the student’s circumstances. If the student will still be a full-time student after withdrawal of the course or courses, the withdrawal of course or courses may not affect the student’s MHA but may impact Satisfactory Academic Progress.

Students should contact their school’s SCO to ensure the certification information the school is providing to the VA matches with their schedule.

READMISSIONS FROM MILITARY DEPLOYMENT

The Art Institutes has a re-entry process for students wishing to return to school after an interruption of their studies based on military deployment. Upon return to school, the school will help you complete the necessary steps to be reintegrated into class and campus.

Any student who has left his or her Art Institutes school for any time period must go through the formal re-entry process. A readmissions student must follow the established procedures to ensure a smooth transition back to school. The first person the student should contact for readmissions is the Assistant Director of Readmissions. Please refer to your Art Institute location at https://www.artinstitutes.edu/our-campuses, and review the Readmissions section on the Admissions web page, or contact the school’s Assistant Director of Readmissions directly.

INDIVIDUAL EDUCATION PLAN

Educational plans will be developed and reviewed with our military service member and veteran students by the student’s academic counselor. The initial educational plan provided prior to enrollment will detail how the student will fulfill all of the requirements to graduate from the educational program, as well as the expected timeline of program completion.

A second updated student educational plan will be provided to the student within 60 days after full acceptance to the school or after all required academic transcripts are received by the school or the student completes 6 semester or 9 quarter credit hours, whichever is achieved first.

A subsequent educational plan will be provided should the student change programs or if anything changes to the student’s education goals. The plan will be provided to the student within 60 days of the change occurring.

The student is responsible for keeping appointments with his/her academic counselor to review this important information. Educational plans are being provided to new and re-entry students who are expected to receive military benefits and started courses on or after July 1, 2013. If you are a student receiving military benefits and who started classes before July 1, 2013, please contact your academic counselor to receive more information or for the development of an educational plan.

Please be cognizant of the length of time it is expected for you to complete the program as well as the remaining number of months you may be eligible to receive military education benefits. You may need to adjust the number of hours you schedule each term or period to assure maximization of your education benefits.

ADVISING POINT OF CONTACT

Military students are encouraged to ask about academic support, financial aid advising, disability services, or career counseling that is made available by the school. Students should contact the Student Services department on campus for further guidance and information.

1 Monthly Housing Allowance (MHA) is generally the same as the military Basic Allowance for Housing (BAH) for an E-5 with dependents or an E-5 active duty service member with dependents for individuals utilizing GI Bill® educational benefits after January 1, 2018. For students enrolling in an education program for any term beginning on or after August 1, 2018, the MHA is based on the zip code of the school where the student physically attends the majority of classes. For students enrolling in an education program prior to August 1, 2018, the MHA is based on the zip code for your school of enrollment. The Department of Defense adjusts the military BAH rate every calendar year (or January 1) based on changes to housing costs across the country. Rates can either go up or down.

2 Basic Allowance for Housing (BAH) is a United States military entitlement given to many military members. The Basic Allowance for Housing (BAH) is based on geographic duty location, pay grade, and dependency status. The intent of BAH is to provide uniformed service members adequate and equitable housing compensation based on housing costs in local civilian housing markets, and is payable when government quarters are not provided. Each year the BAH tables are released between December 15 and January 1.
TRANSFER OF CREDIT EVALUATION

The Art Institutes recognizes and uses the ACE Guide to the Evaluation of Educational Experience in the Armed Services to determine the value of learning acquired in military service. We award credit for appropriate learning acquired in military service at levels consistent with ACE Guide recommendations when applicable to a Service member’s program. In addition, we utilize Joint Services Transcript or Community College of the Air Force in our processing of prior learning experiences for possible transfer credit.

For Joint Services Transcript (JST), refer to https://jst.doded.mil to request a uniform transcript of all military training and experiences to service members of all branches except the Air Force. For detailed instructions on how to request a Community College of the Air Force (CCAF) transcript, visit https://www.university.af.edu/Barnes/CCAF/Display/Article/803247/community-college-of-the-air-force-transcripts/.

Military personnel, veterans, and their families receiving military education benefits while attending The Art Institutes are required to submit transcripts for any previous education or training for evaluation, granting of prior credit, and possible shortening of the length of the program.

Transfer credit is evaluated on a case-by-case basis. The Art Institutes offer no guarantee that credit earned at another institution will be accepted into a program of study offered by the school.

SATISFACTORY ACADEMIC AND FINANCIAL AID PROGRESS

A student must demonstrate academic and financial aid progress by successfully completing courses that are being attempted. This requirement is referred to as satisfactory academic progress (SAP). For more information regarding the school’s SAP policy, please refer to its catalog or contact your location’s academic affairs representative directly. Please note, while the school has an existing policy in place to which our students must adhere, the Department of Veterans Affairs and the Department of Defense may require the achievement of other minimum standards in order to continue receiving these education benefits.

Minimum Academic Achievement Standards for Students Receiving Department of Defense Tuition Assistance:

The Department of Defense requires reimbursement from the Service member if a successful course completion is not obtained. For the purpose of reimbursement, a successful course completion is defined as a grade of “C” or higher for undergraduate courses, a “B” or higher for graduate courses, and a “Pass” for “Pass/Fail” grades. Reimbursement will also be required from the Service member if he or she fails to make up a grade of “I” for incomplete within the time limits stipulated by the educational institution or 6 months after the completion of the class, whichever comes first. The Secretary of the Military Department will establish recoupment processes for unsuccessful completion of courses.

Students using TA must maintain a cumulative grade point average (GPA) of 2.0 or higher after completing 15 semester hours, or equivalent, in undergraduate studies, or a GPA of 3.0 or higher after completing 6 semester hours, or equivalent, in graduate studies, on a 4.0 grading scale. If the GPA for TA-funded courses falls below these minimum GPA limits, TA will not be authorized and Service members will use alternative funding (such as financial aid or personal funds) to enroll in courses to raise the cumulative GPA to 2.0 for undergraduate studies or 3.0 for graduate studies.
