

Student-Right-to-Know Act

According to regulations published by the Department of Education based on the Student Right-to-Know Act, the Student Right-to-Know (SRTK) Graduation Rate is described as follows:

It is based upon students who entered as full-time, first-time freshmen and graduated within 150% of the length of their program. For example, in regards to baccalaureate-seeking freshmen, this 150% measure describes students graduating from a four-year program within six years.
