| Visual Arts | MFA | 90 | 8 | 88 | \$636 | \$0 | \$1,500 | \$0 | \$58,740 |

The table above is calculated at full load, which is an average of 15 credit hours per quarter. The calculation would be based on 12 credit hours per quarter if a student were to take the minimum allowable credits required to still be considered a full time student.

Approximate total cost is based on the current tuition credit hour rate. Total cost will increase with each per credit hour tuition increase. In-state and out-of-state tuition are the same. On-ground enrolled students taking online PLUS courses will be charged the same per-credit tuition for the online PLUS courses as the on-ground courses. Registering over 18 credit-hours per quarter requires the permission of the Program Director, Program Coordinator or Dean of Academic Affairs at the student's home campus.

Not all courses include a Digital Textbook. Courses that include a Digital Textbook will be noted in the registration material and the Digital Textbook will be charged in addition to tuition unless the student chooses to opt out. Students that do not opt out will not need to purchase textbooks for courses using a Digital Textbook. Students that do opt out will be responsible for purchasing the required textbook. If a course does not use a Digital Textbook, the student is responsible for purchasing the required textbook. The Digital Textbook charge is \$50 per course for most courses; however, some courses may have more than one Digital Textbook and carry a Digital Textbook charge of \$75 per course. If a student was charged for a Digital Textbook in a previous course and the student is required to use the same Digital Textbook for another course, the student will not incur the Digital Textbook charge again.

The Bachelor of Fine Arts Degree in Digital Photography requires the use of a Digital Single Lens Reflex Camera which is not included in the standard Starting Supply Kit. The required camera will not be provided for loan by the University to Photography Students. Students may purchase the camera from a vendor of their choice or an optional Starting Supply Kit including the camera is available to students at a cost of \$1,654.

Students must have supplies and textbooks to begin class.

The starting kit is optional and consists of basic equipment and materials needed for beginning each program. A list of the components of the starting kit is provided to each enrolled student. These materials may be purchased at the school or at most supply stores. Kit prices do not include applicable sales tax and are subject to change.
