Student Achievement Data

Institution: The Art Institute of San Antonio
Program: Interior Design
Degree: Bachelor of Fine Arts
Updated: April 8, 2019

In accordance with guidelines established by The Council for Higher Education Accreditation (CHEA), all programs wishing to apply for and maintain CIDA accreditation must collect and publish student data to ensure the public has access to clear and reliable information addressing various aspects of program enrollment and student achievement.

Student Retention: Student retention data was queried from the student information system using enrollment statuses for the 2016-2017 school year, October 2016 to October of 2017. Three students who matriculated in the Interior Design program in 2016 returned in 2017 resulting in a retention rate of 33%.

Graduation Rates: Graduation rates for the 2016-2017 school year were calculated using data from the student information system for the period of September 2016 to June of 2017. There were 15 Interior Design students who graduated in the 2016-2017 school year; 80% of these students completed the program in four years.

Acceptance into Graduate Programs: There were no Interior Design students who graduated in the 2016-2017 school year and then applied for graduate school.

Job Placement Rates: Job placement data for the 2016-2017 school year were calculated using data from the student information system for the period of September 2016 to June 2017. 87% of the Interior Design students who graduated in the 2016-2017 school year are employed in interior design or a related profession.
