The table above is calculated at full load, which is an average of 15 credit hours per quarter. The calculation would be based on 12 credit hours per quarter if a student were to take the minimum allowable credits required to still be considered a full time student.

† Approximate total cost is based on the current tuition credit hour rate. Total cost will increase with each per credit hour tuition increase. In-state and out-of-state tuition are the same. Registering over 18 credit-hours per quarter requires the permission of the Program Director, Program Coordinator or Dean of Academic Affairs at the student's home campus.

Tuition includes required textbooks for all courses within the student's program of study. Tuition also includes basic entry equipment and materials needed for beginning each program of study. Students are responsible for procuring and/or replenishing any other equipment or materials as required.

CULINARY LAB FEES: Lab fees above represent the total for timely, successful completion of the program and are charged per credit hour. Retaking courses will increase the lab fee charge.
