Not all courses include a Digital Textbook. Courses that include a Digital Textbook will be noted in the registration material and the Digital Textbook will be charged in addition to tuition unless the student chooses to opt out. The Digital Textbook costs are \$85.00 per course (Master's) and \$95.00 per course (doctoral). Students that do not opt out will not need to purchase textbooks for courses using a Digital Textbook. The purchase of the Digital Textbook is not refundable. Students that do opt out will be issued a credit to the student account for the cost of the book and will be responsible for purchasing the required textbook. If a course does not use a Digital Textbook, the student is responsible for purchasing the required textbook.

Tiered Tuition Structure

Students who persist and successfully earn academic credits in their educational programs* are eligible for a reduced tuition structure that decreases the students' actual tuition.

Associate's-level programs

Based on the length of the associate degree program, students will receive a tuition reduction by 10% to 15%†. Students may qualify as long as they remain enrolled and participate in an eligible program of study, making them eligible for the reduced tuition within the program. Program lengths vary in the number of credits required. This reduction will occur once the following thresholds are reached:

- Students who complete greater than 30 credits will receive a 10% tuition reduction†
- Students who complete greater than 60 credits will receive a 15% tuition reduction†

All other Bachelor's-level programs:

Students who persist and successfully earn academic credits in their educational programs* are eligible for a tiered tuition structure that decreases the students' actual tuition cost, ranging from 10%-20%†. Students may qualify as long as they remain enrolled and participate in an eligible program of study, making them eligible for the tiered tuition at different thresholds within the program. This reduction automatically occurs as students reach the following thresholds:

- Students who successfully earn greater than 25% of the credits in their program will receive a 10% tuition reduction[†]
- Students who successfully earn greater than 50% of the credits in their program will receive a 15% tuition reduction[†].
- Students who successfully earn greater than 75% of the credits in their program will receive a 20% tuition reduction[†].

Program lengths vary in the number of credits required; the tuition credit occurs once credits earned surpass the percentages above

Reductions in tuition are applied at the beginning of each term (semester). If the percentage of earned credit above is reached after the term starts, the reduction will occur at the start of the next term. All reductions' calculations are based on the original cost per credit hour.

For the purpose of eligibility for reduced tuition, transfer of credits that are accepted by the institution into a student's specific program of study will qualify towards credits that are successfully earned. If transfer of credit is received after a term begins, the reduction will occur at the start of the next term.

** Graduate programs offered through Argosy University, Online Programs are not eligible for tiered tuition.*

† Students utilizing partnership agreements or enrolling as a Continual Transfer Waiver will not be eligible for the reduced tuition. The students will receive the tuition reduction as outlined in the partnership agreement or transfer waiver.
