Please visit our Student Consumer Information page to find the average time to completion for continuously enrolled students for each credential level offered. This data is available at the average credit load, full time, or at full load. Changing programs, taking remedial courses, taking time off from coursework, registering for fewer hours or unsuccessful attempts at course completion will increase the total length of the program and overall cost of education from what is disclosed. Transfer credits awarded toward your program will likely decrease the overall length and cost of education.

¹Technology Fee: \$15.00 per credit hour.

²Not all courses include a Digital Textbook. Courses that include a Digital Textbook will be noted in the registration material and the Digital Textbook will be charged in addition to tuition unless the student chooses to opt out. The Digital Textbook costs are \$15.00 per course (undergraduate), \$85.00 per course (Master's) and \$95.00 per course (doctoral). Students that do not opt out will not need to purchase textbooks for courses using a Digital Textbook. The purchase of the Digital Textbook is not refundable. Students that do opt out will be issued a credit to the student account for the cost of the book and will be responsible for purchasing the required textbook. If a course does not use a Digital Textbook, the student is responsible for purchasing the required textbook.

³Based on the current credit hour rate. Total cost will increase per credit hour tuition and other cost increase. Estimated Total Cost includes a Graduation Fee of \$175.00 (charged one time at the end of the program), a technology fee of \$15/Undergraduate student (charged per credit hour), and program specified fees.

I understand that total program cost may be impacted by approved transfer credits or needed prerequisite coursework. Any changes to tuition and fees will be published to students as they are made. Doctoral students with a residency are subject to residency cancellation fees of 10% (cancellation 14-29 days prior to start) and 50% (cancellation 13-0 days prior to the start or lack of initial attendance).

⁴Approximate tuition and fees is based on the current credit hour rate. Total cost will increase with each per credit hour tuition increase.

⁵Beginning September 15, 2016, Argosy University began using Psychology Centralized Admissions System (PSYCAS). PSYCAS is a centralized application service supported by the American Psychological Association (APA) and Liaison International. Instructions on how to use PSYCAS and how your admissions documents will be uploaded and delivered to PSYCAS for processing can be found in the application: <https://psycas.liaisoncas.com/>. Students should create an account for free on the PSYCAS web site <https://psycas.liaisoncas.com>. Creating an account is free. However, there is a \$50 fee to PSYCAS for the first application. If a student is applying to other programs utilizing PSYCAS for the admissions process, an additional \$35 fee is charged for each additional application.

PROGRAM COST SHEET

⁶Programs include \$1,162 Clinical Psychology Retreat/Internship, \$100 Testing Kit, and \$20.00 Professional Liability Insurance fees.

⁷Program includes \$20.00 Professional Liability Insurance Fee.

⁸Residency fees for the doctoral programs are inclusive of Residency I and Residency II billed at \$900 each, for students taking the online Residency courses only.

The current STRF charge is \$0.00

The STRF rate is subject to change based upon the balance in the STRF account. Statute requires the Bureau begin collecting if the balance falls below \$20 million (\$20,000,000.00) and caps the account at \$25 million (\$25,000,000.00). Please see the office of admissions for questions regarding the assessment of the STRF fee. Because this institution participates in the STRF, students who are otherwise eligible are protected by STRF regardless of whether the fee is assessed. STRF fees are currently a one-time non-refundable charge of \$0.00 per \$1,000 of institutional charges, rounded to the nearest thousand dollars; but this amount is subject to change.

The State of California established the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic loss suffered by a student in an educational program at a qualifying institution, who is or was a California resident while enrolled, or was enrolled in a residency program, if the student enrolled in the institution, prepaid tuition, and suffered an economic loss.

Unless relieved of the obligation to do so, you must pay the state-imposed assessment for the STRF, or it must be paid on your behalf, if you are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition.

You are not eligible for protection from the STRF and you are not required to pay the STRF assessment if you are not a California resident, or are not enrolled in a residency program.
