

Drug and Alcohol Prevention Program and the Drug-Free Workplace and Campus Program

Revised: June 19, 2018

Standards of Conduct

The use of illegal drugs and the abuse of alcohol on the campus of Argosy University, Chicago, including the Illinois School of Professional Psychology or in facilities controlled by Argosy University, Chicago are prohibited by college regulations and are incompatible with Argosy University Chicago's goal of providing a healthy educational environment for students, faculty, staff and guests. The following information is provided in compliance with the Drug-Free Schools and Communities Act Amendments of 1989.

Effects of Drugs and Alcohol

Although individuals often use drugs and alcohol to achieve a variety of effects on mind and body that are found to be temporarily useful or pleasurable, drugs can be highly addictive and injurious. A person can pay a price in terms of his or her physical, emotional, and social health.

This price can be paid in a number of ways. The risk of contracting sexually transmitted diseases, including AIDS, is increased through unwanted or unprotected sex when one is under the influence of drugs or alcohol. Drugs can be the trigger for violent crime. Economic and legal problems usually follow directly when one tries to support a drug habit by resorting to crime. The dependence, illness, loss of job, and loss of family or friends that can result from drug or alcohol use and abuse can be tragic.

In keeping with the mission of Argosy University, Chicago and the requirements of state and federal law, Argosy University, Chicago has adopted this program to ensure a drug-free campus and workplace and to prevent the use of controlled substances and the abuse of alcohol.

Health Risks Associated with the Use of Alcohol

Sanctions-Argosy University, Chicago

School Sanctions

Argosy University, Chicago, in all of its actions, seeks to uphold local, state and federal laws. Insofar as permitted by these laws, Argosy University, Chicago will apply sanctions that could lead to a student being suspended or expelled or an employee being disciplined, suspended or dismissed for violation of Argosy University, Chicago's standards of conduct. Students and employees may also be referred for prosecution. Disciplinary sanctions may include the completion of an appropriate rehabilitation program, at the student's or employee's expense, if necessary.

Illinois State Laws

In Illinois, it is against the law to sell or deliver alcohol to anyone under twenty-one, or to any intoxicated person [235 ILCS 5/6-16]. Violations can result in fines of up to \$1,000 and one year in jail. It is also illegal for a person under twenty-one to present false identification in an attempt to purchase alcohol. Recent legislation signed by the Governor provides further penalties:

- (1) The Secretary of State is authorized to suspend or revoke without a hearing the driver's license or instruction permit of a person under 21 who has purchased or attempted to purchase alcohol from a duly licensed establishment or who has consumed alcohol on licensed premises.
- (2) Local liquor commissioners have the duty to report to the Secretary of State any conviction for a violation of the Liquor Control Act, or a similar provision of a local ordinance, prohibiting a person under 21 from purchasing, accepting, possessing, or consuming alcohol and prohibiting the transfer or alteration of identification cards, the use of the identification card of another or a false or forged identification card, or the use of false information to obtain an identification card.
- (3) The Secretary of State is authorized to suspend or revoke the driver's license or learner's permit of any person convicted of violating any of the prohibitions listed above in "(2)" or similar provisions of local ordinances. Substantial penalties exist in Illinois for the operation of a motor vehicle by a driver with a blood or breath alcohol concentration of .08 or greater. (A good guideline for ensuring that your concentration of alcohol remains within legal limits is to consume no more than one drink - i.e., 1 ounce of spirits, 4 ounces of wine, or 12 ounces of beer - per hour.) Arrests are also possible at lower alcohol levels if driving is impaired.

The first offense can result in a \$1,000 fine, incarceration for up to one year, and suspension or revocation of the offender's driver's license. Subsequent offenses entail penalties of significantly greater severity. Transporting open alcohol containers in a motor vehicle is also punishable under Illinois law.

Possession and delivery of illicit drugs are prohibited in Illinois through the Cannabis Control Act [740 ILCS 40/0.01 et seq.] and the Controlled Substances Act [720 ILCS 570/100 et seq. and 720 ILCS 570/401 et seq.]. Penalties vary with the amount of the drug confiscated; the type of drug found; the number of previous offenses by the individual; and whether the individual intended to manufacture, sell, or use the drug. A first time conviction of possession of a controlled substance can result in a one- to three-year prison sentence, plus a fine of up to \$15,000.

More severe penalties may be imposed for conviction of class 2, 3, or 4 felonies involving manufacture or delivery to a minor. Vehicles used with knowledge of the owner in the commission of any offense prohibited by the Cannabis Control Act or Controlled Substances Act can be seized by the government; all ownership rights are forfeited.

Federal Sanctions

Federal penalties and sanctions for illegal possession of a controlled substance include the following: **First conviction:** up to 1 year in prison, fine of \$1,000 to \$100,000, or both **Second conviction:** at least 15 days and up to 2 years imprisonment, \$5,000 to \$250,000 fine, or both **After two drug convictions:** at least 90 days and up to 3 years in prison, \$5,000 to \$250,000 fine, or both. Special federal sentencing provisions for possession of crack cocaine include a mandatory prison term of at least 5 years and up to 20 years, fine of up to \$250,000, or both, for a first conviction if the amount of crack exceeds 5 grams, for a second conviction if amount exceeds 3 grams, and for a third or subsequent conviction if the amount exceeds 1 gram.

Additional federal sanctions may also apply including forfeiture of vehicles used to transport controlled substances, denial of federal benefits including student loans, grants, and contracts and denial or revocation of certain federal licenses and benefits (exhibit A).

Convictions for Drug-Related Offenses

Any student convicted of any drug-related criminal statute must notify the Director of Student Services, in writing, no later than five (5) days after such conviction regardless of where the offense occurred. This is because under federal and state laws, any student convicted of a drug-related felony offense must be denied all federal and state assistance, including Pell Grants. However, a criminal conviction shall not be necessary to find that a student has violated these standards of conduct, and Argosy University, Chicago need not, and ordinarily will not, defer its own actions and sanctions pending the outcome of any criminal proceeding.

Danger Signals Indicating a Drug or Alcohol Problem

Following is a listing of classic danger signals that may indicate the presence of a drug or alcohol problem:

- abrupt changes in mood or attitude
- decreased efficiency at work or at school
- frequent absences, tardiness, and/or early departures
- relationship problems with family, friends, and co-workers
- unusual outbursts of anger and hostility
- social withdrawal

Counseling

If you observe any of these changes in yourself or another student, you are encouraged to talk with a Counselor. The college contracts with Talk One-2-One, a free service, which provides confidential professional counseling via the telephone 24 hours per day, 7 days a week, at 1.888.617.3362. The Talk One-2-One counselor may refer you, for limited visits, with an area network mental health provider or assist you with locating resources within the community. Students in non-clinical psychology programs also have access to services at the campus Psychological Services Center, and can reach out to them at 312.777.7727.

Abuse of alcohol or drugs can lead to dependency and addiction, with serious consequences for personal health and overall quality of life. There are drug and alcohol counseling, treatment, and rehabilitation facilities available in our area where students and employees may seek advice and treatment. The College Counselor can refer you to one that meets your needs.

Chicago-Area Resources

There are also organizations that may be contacted for help. Contact the Argosy University, Chicago Psychological Services Center at 312.777.7727 for a directory of local organizations and agencies that can assist. The National Institute on Drug Abuse Hotline (1.800.662.4357) is available from 8:00 a.m. to 2:00 a.m., Monday through Friday and from 11:00 a.m. to 2:00 a.m. on weekends.

A list of emergency numbers and sliding-fee scale resources is available from the Psychological Services Center.
