

Drug and Alcohol Prevention Program and the Drug-Free Workplace and Campus Program

Revised: May 29, 2018

Standards of Conduct

The use of illegal drugs and the abuse of alcohol on the campus of Argosy University, Phoenix or in facilities controlled by the Argosy University, Phoenix are prohibited by college regulations and are incompatible with the Argosy University, Phoenix goal of providing a healthy educational environment for students, faculty, staff and guests. The following information is provided in compliance with the Drug-Free Schools and Communities Act Amendments of 1989.

Effects of Drugs and Alcohol

Although individuals often use drugs and alcohol to achieve a variety of effects on mind and body that are found to be temporarily useful or pleasurable, drugs can be highly addictive and injurious. A person can pay a price in terms of his or her physical, emotional, and social health.

This price can be paid in a number of ways. The risk of contracting sexually transmitted diseases, including AIDS, is increased through unwanted or unprotected sex when one is under the influence of drugs or alcohol. Drugs can be the trigger for violent crime. Economic and legal problems usually follow directly when one tries to support a drug habit by resorting to crime. The dependence, illness, loss of job, and loss of family or friends that can result from drug or alcohol use and abuse can be tragic.

In keeping with the mission of Argosy University, Phoenix and the requirements of state and federal law, Argosy University, Phoenix has adopted this program to ensure a drug-free campus and workplace and to prevent the use of controlled substances and the abuse of alcohol.

Health Risks Associated with the Use of Alcohol

Short Term Risks:

- Increased risks of accidents and injuries
- Alcohol-related traffic accidents (the leading cause of death for teens)
- Alcohol slows reaction time, decreases muscle coordination, and impairs vision
- Fatal overdose
- Unconsciousness or blackout
- Death by aspiration of vomit
- Nausea
- Gastritis

Long-Term Risks:

- Increased blood pressure
- Increased risk of heart attack
- Brain damage resulting in permanent psychosis
- Cancer of the mouth, esophagus or stomach
- Liver damage (cirrhosis, alcohol hepatitis, cancer)
- Ulcers and Gastritis
- Pancreatitis
- Birth defects
- In males--testicular atrophy and breast enlargement
- In females--increased risk of breast cancer
- Prolonged, excessive drinking can shorten life span by ten to twelve years.

Health Risks Associated with the Use of Drugs

Amphetamines (Speed, Uppers):

- Malnutrition
- Hallucinations
- Dependence, psychological and sometimes physical

Deliriums (Aerosols, Lighter Fluid, Paint Thinner):

- Permanent damage to lungs, brain, liver, bone marrow
- Loss of coordination, confusion, hallucinations
- Overdose causing convulsions, death

Depressants (Barbiturates, Tranquilizers, Methaqualone):

- Confusion, depression, loss of coordination
- Dependence, physical and psychological
- Coma, death (caused by overdose)
- Can be lethal when combined with alcohol

Hallucinogens (LSD, PCP, DMT, STP, Mescaline):

- Hallucinations, panic, irrational behaviors (which can lead to increased risk of accidents, injuries)
- Tolerance overdose leading to convulsions, coma, death
- Possible birth defects in children of LSD users

Intravenous Drug Use:

- Places one at risk for HIV infection (the virus causing AIDS) when needles are shared

Marijuana and Hashish:

- Chronic bronchitis
- Decreased vital capacity
- Increased risk of lung cancer
- In men lower levels of testosterone and increase in abnormal sperm count

Stimulants (Cocaine):

- Painful nosebleeds and nasal erosion
- Intense "downs" that result in physical and/or emotional discomfort
- Tolerance and physical dependence can develop

Narcotics (Heroin, Morphine, Codeine, Opium):

- Malnutrition
- Hepatitis
- Loss of judgment and self-control leading to increased risk of accidents, injuries
- Dependence
- Overdose leading to convulsions, coma, death

Sanctions Argosy University, Phoenix

School Sanctions

Argosy University, Phoenix, in all of its actions, seeks to uphold local, state and federal laws. Insofar as permitted by these laws, the Argosy University, Phoenix will apply sanctions that could lead to a student being suspended or expelled or an employee being disciplined, suspended or dismissed for violation of the Argosy University, Phoenix standards of conduct. Students and employees may also be referred for prosecution. Disciplinary sanctions may include the completion of an appropriate rehabilitation program, at the student's or employee's expense, if necessary.

State Sanctions - Arizona Crime Classifications

Crime	Offense	Classification
Possession of Marijuana	First	Felony
Possession of Narcotic Paraphernalia	First	Class IV Felony
Possession of Prescription drugs	First	Felony

Sale or Transportation of drugs	First	Felony
Driving under the influence of drugs	First	Class I Misdemeanor
Driving under the influence of drugs	Second	Misdemeanor

Arizona criminal statutes provide for drug offense penalties in relation to the amount of the drug possessed, the drug involved, and whether the offense is a first or subsequent offense.

Possession of drug amounts under the statutory threshold amounts are presumed to be for personal use in the absence of additional evidence to the contrary.

Possession of drug amounts in excess of the statutory threshold amounts are presumed to be for commercial gain.

Drug trafficking (selling, manufacturing or possessing quantities of drugs in excess of the statutory threshold amounts) carry prison time and fines under the Arizona Revised Statutes:

- Cocaine (over 9 grams): 1 to 3 years
- Morphine (over 1 gram): 1.5 to 3 years
- Marijuana (over 2 lbs.): .75 to 12.5 year (Depending on aggregate amount)

Driving under the influence of alcohol or drugs carries the following penalties:

First Offense: One to 10 days in Jail, extensive fines, court ordered treatment, license revocation

Second Offense: At least 15 days and up to two years imprisonment, \$5,000 to \$250,000 fine, or both

Third Offense: 240 days in prison, extensive fines, court ordered treatment, license revocation

Additional sanctions may apply if property damage, injury or death results.

Possession of alcoholic beverages by a minor is prohibited in the State of Arizona. Any person furnishing alcohol to a minor can be charged with Contributing to the Delinquency of a Minor (Class 1 Misdemeanor).

Additional sanctions exist under Arizona law for drug and alcohol offenses including denial of student loans and grants, ineligibility to participate in home loan and other assistance programs, and denial or revocation of professional licenses.

The application of law and penalties vary from case to case depending on circumstances.

Federal Sanctions

Federal penalties and sanctions for illegal possession of a controlled substance include the following:

First conviction: up to 1 year in prison, fine of \$1,000 to \$100,000, or both **Second conviction:** at least

15 days and up to 2 years imprisonment, \$5,000 to \$250,000 fine, or both **After two drug convictions:**

at least 90 days and up to 3 years in prison, \$5,000 to \$250,000 fine, or both. Special federal sentencing

provisions for possession of crack cocaine include a mandatory prison term of at least 5 years and up to

20 years, fine of up to \$250,000, or both, for a first conviction if the amount of crack exceeds 5 grams, for

a second conviction if amount exceeds 3 grams, and for a third or subsequent conviction if the amount

exceeds 1 gram.

Additional federal sanctions may also apply including forfeiture of vehicles used to transport controlled substances, denial of federal benefits including student loans, grants, and contracts and denial or revocation of certain federal licenses and benefits (exhibit A).

<p>Hashish 10 kilograms or less</p>	
<p>Hashish Oil 1 kilogram or less</p>	

Convictions for Drug-Related Offenses

Any student convicted of any drug-related criminal statute must notify the Dean of Student Affairs, in writing, no later than five (5) days after such conviction regardless of where the offense occurred. This is because under federal and state laws, any student convicted of a drug-related felony offense must be denied all federal and state assistance, including Pell Grants. However, a criminal conviction shall not be necessary to find that a student has violated these standards of conduct, and the Argosy University, Phoenix need not, and ordinarily will not, defer its own actions and sanctions pending the outcome of any criminal proceeding.

Danger Signals Indicating a Drug or Alcohol Problem

Following is a listing of classic danger signals that may indicate the presence of a drug or alcohol problem:

- abrupt changes in mood or attitude
- decreased efficiency at work or at school
- frequent absences, tardiness, and/or early departures
- relationship problems with family, friends, and co-workers
- unusual outbursts of anger and hostility
- social withdrawal

Counseling

If you observe any of these changes in yourself or another student, you are encouraged to talk with a Counselor. The college contracts with Talk One-2-One, a free service, which provides confidential professional counseling via the telephone 24 hours per day, 7 days a week, at 1- 888-617-3362. The Talk One-2-One counselor may refer you, for limited visits, with an area network mental health provider or assist you with locating resources within the community.

Abuse of alcohol or drugs can lead to dependency and addiction, with serious consequences for personal health and overall quality of life. There are drug and alcohol counseling, treatment, and rehabilitation facilities available in our area where students and employees may seek advice and treatment. The College Counselor can refer you to one that meets your needs.
